## **Overview**

I have been leading professional development courses in web development and working as a contract web developer since 2007. I am experienced in HTML, CSS, Javascript, as well as jQuery and other Javascript frameworks. As a developer, I have worked with a diverse client base on a wide variety of projects. I have professional experience with Object Oriented Programming, JSON, and many third party Javascript libraries. As a teacher, I have taught intensive courses at The White House Communications Administration, M.I.T., Duke University, Blue Cross, Macy's, Tory Burch, The U.S. FDA, and The U.S. Bureau of Labor Statistics, among many others. I am a CompTIA Certified Technical Trainer, an Adobe Certified Expert and Adobe Certified Instructor qualified to teach Dreamweaver, Captivate, Flash, and Actionscript 3.0. Additionally, I teach courses in Javascript, jQuery, HTML5/CSS3, Mobile & Responsive Web Design, PHP/MySQL, HTML email (email marketing). Over the past decade I have built a broad and adaptable web development skill set.

## **Recent Production Experience**

|   |               |
|---|---------------|
| <b>Verizon FIOS / Accuweather</b>   | <b>Remote</b> |
